NEWS RELEASE **FOR IMMEDIATE RELEASE**

Attorney Luis Gracia Achieves Recertification in Social Security Disability Law With the National Board of Trial Advocacy

Luis Gracia, Vice President, and Partner of Rue and Ziffra, is the ONLY board-certified Social Security attorney in Volusia/Flagler Counties and 1 of 4, in Central Florida.

Port Orange, FLA. – (August 23, 2023) – In May of 2023, Mr. Gracia achieved recertification in Social Security Disability law from the National Board of Trial Advocacy (NBTA) – a distinction awarded only to attorneys who have completed an extensive application process and proven their competency as trial lawyers. This certification requires that applicants demonstrate participation in at least thirty-six hours of continuing legal education within three years preceding certification or five years preceding recertification, while Rules 6-3.5 and 6-3.6 of the rules regulating The Florida Bar require no less than fifty CLE credit hours over the same time period.

Mr. Gracia's accomplishments go beyond his impressive board certification credentials; he has obtained tens of millions of dollars in settlements and verdicts for his clients all over Florida – including successful recoveries from every major insurance company in the state, earning him membership into two prestigious groups: Million Dollar Advocates Forum and Multi-Million Dollar Advocates Forum, both limited to attorneys who have won million and multi-million dollar verdicts/settlements respectively. He also holds the distinction of being Volusia and Flagler County's first board-certified attorney specialized in Social Security Disability Law – a testament to his expertise in this field as well as his commitment towards bettering the legal profession by providing consumers with access to reliable resources when choosing trusted representation for their case(s).

Mr. Gracia and his team have won 92% of his Social Security Disability cases and are working hard to make it easier for individuals suffering from physical or mental conditions affecting their ability to work as well as helping them gain useful insight regarding eligibility requirements needed when filing claims with relevant government agencies such as SSA (Social Security Administration).
